Campaign 2026

Impact Report

Volunteers Leading Governance (VLG)

Introduction

Ramadan is a time of compassion, generosity, and unity. During Ramadan 2026, Volunteers Leading Governance (VLG) actively served communities across Punjab through Iftar distributions, ration support, and daily meal services.

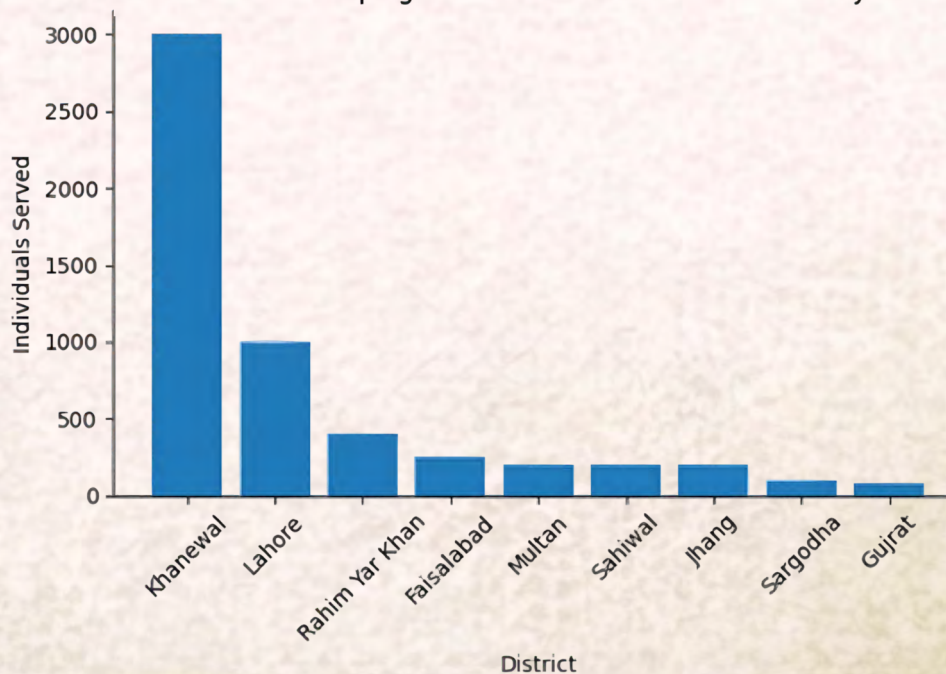

Our district teams and dedicated volunteers played a vital role in mobilizing donations and executing activities on the ground, ensuring these initiatives reached thousands of deserving individuals. Their commitment upheld dignity, care, and inclusion throughout the holy month.

“Founder Ibrahim Hasan Murad stated that the purpose of these welfare activities during Ramadan is not limited to providing iftar meals, but also to promote compassion, mutual respect, and a sense of social responsibility within society.”
